

## FASHION BRAIN ACADEMY

Hello!

I'd like to give you heads-up on something special we're planning for startup clothing and accessories designers.

But first, tell me this...

Who do you call when you get STUCK? Where do you turn when you have specific questions about your new business (*or business IDEA*) and you don't know what to do next?

Because I've been there – when *the ol' crazy brain* kicks in and it feels almost impossible to decide what you should do next. And sometimes you freeze and do nothing because you don't want to do the wrong thing, And then you're not making progress. Yuck.

I want to help. You see, I know I can do more to help you. I offer an online course for startups, and it's a fantastic program – my best-seller even. Designers call it a life-saver.

**But I know I can do more to help you succeed.**

I know how important it is to get honest feedback from people who understand what you're trying to build, have done it before successfully, and will answer your specific questions.

My online fashion startup course is called the New Designer Program, and it's a blueprint for launching a profitable clothing or accessories business.

[\(You can check out the program and read student reviews here.\)](#)

And...

**If you register for The New Designer Program (NDP) between now and October 18th you'll get an invite to join a private, Pop-Up Facebook coaching group – just for fashion startups - that will be open from October 23 - October 29.**

The purpose of the Pop-Up Facebook Community is to give you direct feedback, answers, and support. This is your chance to:

- Ask your specific questions and get real-time answers
- Get clarity about which way to take your business idea and if you're "doing it right"
- Get fresh, expert eyes on your business
- Connect with other creative entrepreneurs who are on the same path as you
- Support other designers and share YOUR words of wisdom

You'll get expert feedback, support, and direct access to me and a team of experts.

I've hand-picked successful designers to be your mentors in the Startup Community + a total rock star NYC expert in sourcing, manufacturing and production, Boaz David. If that sounds like it could jump-start your progress, then this is for you!

**And the best part is that all of this additional support, coaching, and expert access is that it's 100% FREE.**

But it's only available if you **register for NDP before October 18, 2017.**
